

Tourism Sector Investment Data

DATA GUIDE | 2025 DATASET, UPDATED JULY 2026

The 2025 tourism investment dataset covers PMA and PMDN realization within the Ministry of Tourism scope. Its published dimensions include reporting quarter, province, district or city, and priority tourism destination grouping.

Quarterly + regional views

official open data from BKPM / Satu Data

Key takeaways

- The dataset is published as open data and identifies investment value in million rupiah.
- Compare regions and reporting periods while checking the dataset notes and definitions.
- Do not compare the tourism-only series directly with national all-sector totals without aligning scope and period.
