Why You Should
Invest in Indonesia?

01 Favourable business climate & strategic government support

Indonesia is having a Robust GDP growth which is projected at 5.1% for 2025 There is also a surging demand as both domestic and international tourism are on the rise, creating a solid streamline of revenues

- Robust GDP Growth projections + stable outlook
- Comprehensive Government Strategies such as 10 Priority Destinations, 3 Regenerative Tourism Destinations, Special Tourism Economic Zones

02 Strategic connectivity: enabling tourism growth

The government, in collaboration with global financial institutions, is prioritizing infrastructure development to enhance accessibility, drive economic growth, and expand tourism beyond its main islands.

- 8th in IATA's Air Transport Connectivity Index
- +20 millions passengers in marine transport

03 A diverse tourism landscape

Indonesia's vast archipelago offers a unique "all-in-one" destination experience, with diverse attractions spanning its major islands as well as new tourists locations.

- 10 Cultural & Natural UNESCo World Heritage Sites
- 4 Best Tourism Villages
- Diverse travel experiences for all budgets & interests:
- Luxury high-end experiences
- Adventure, backpackers, and mid-range travel
- Family-friendly and recreational offerings

04 Young and productive talent pool

Indonesia ranks as the 4th most populous nation globally, with a population of 272 million in 2020. Notably, two-thirds of this population fall within the working-age bracket, contributing to the country's vibrant labor force

- Strong focus on certified talent development and tourism polytechnics
- Enhancing experiences with technology AI, Big Data, IoT and VR while preserving local authenticity

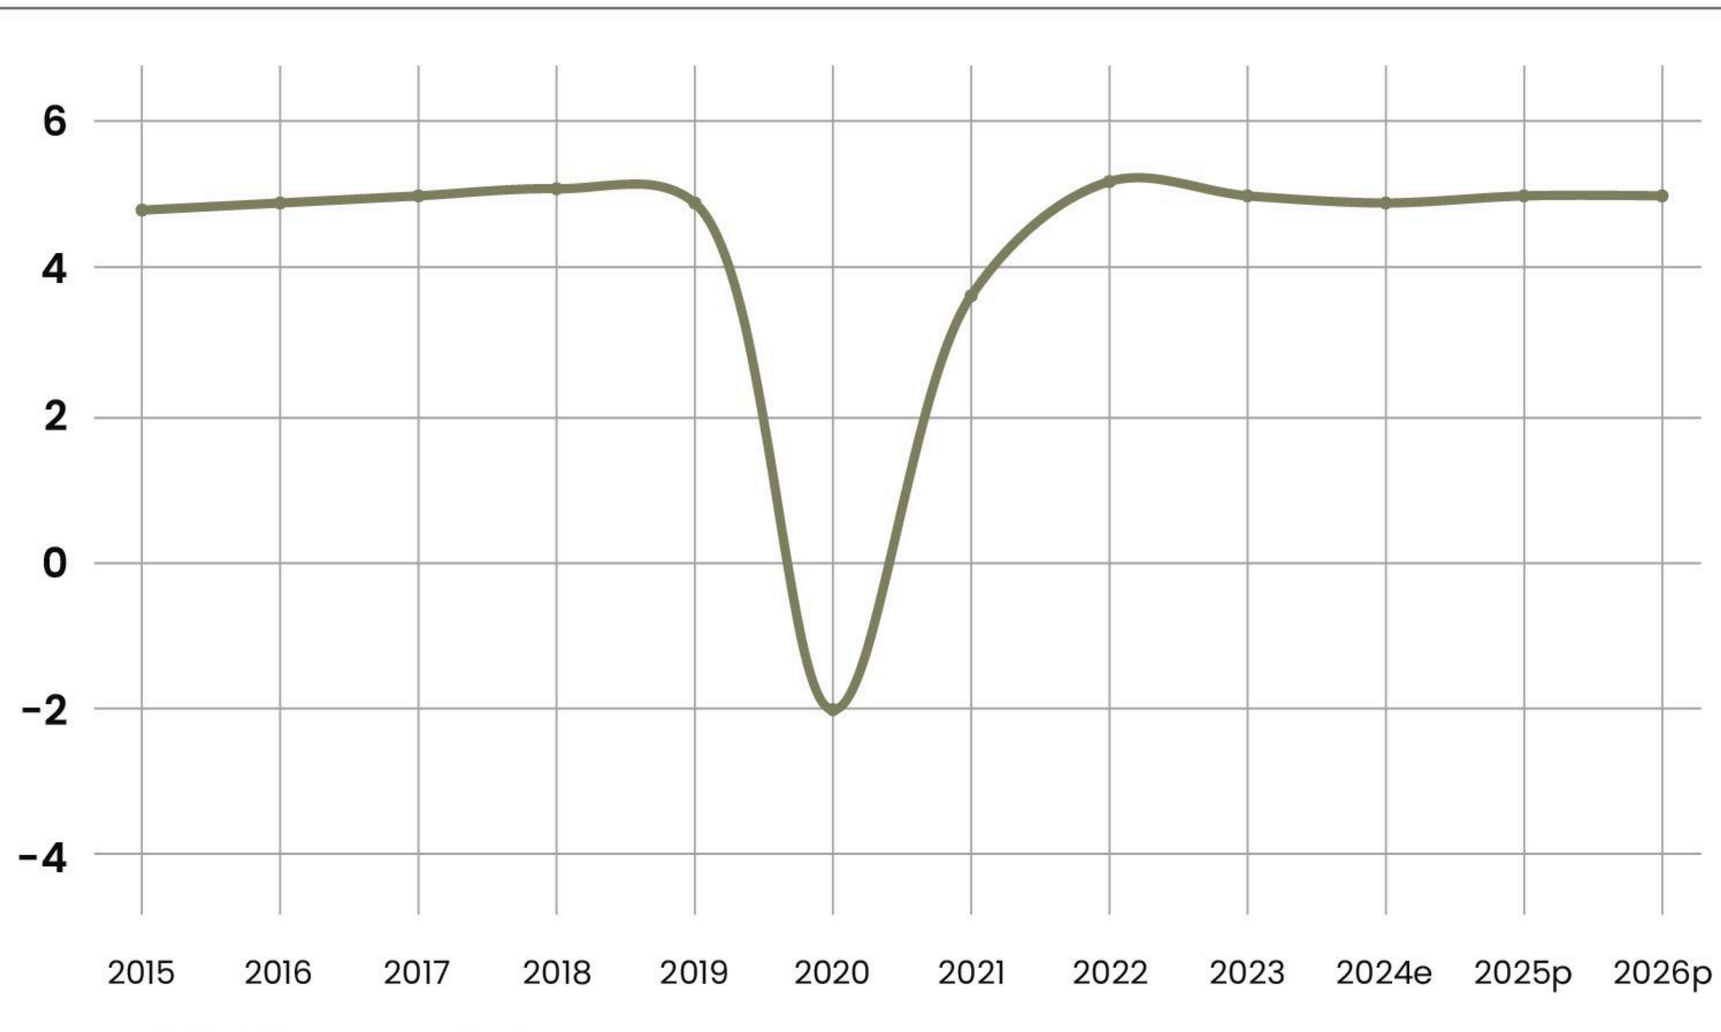
05 Untapped investment potential

Indonesia's tourism sector offers significant untapped potential in several high-growth niche segments such as :

- Sports tourism
- MICE
- Wellness and health tourism
- Luxury and high end hospitality
- Gastro Tourism
- Wellness and Health Tourism
- Marine and Adventure Tourism

Indonesia's
Macroeconomic Overview

Gross domestic product (GDP) growth, 2015 – 2026p (%)



e : Estimation p : projects

Contribution to gross domestic product (GDP) by sectors, 2024

Sector	% of GDP in 2024
Agriculture, Forestry and Fishing	12.6%
Mining and Quarrying	9.2%
Manufacturing	19.0%
Electricity and Gas	1.0%
Water Supply, Sewerage, Waste Management and Remediation Activities	0.1%
Construction	10.1%
Wholesale and Retail Trade; Repair of Motor Vehicles and Motorcycles	13.1%
Transportation and Storage	6.1%
Accommodation and Food Service Activities	2.7%
Information and Communication	4.3%
Financial and Insurance Activities	4.2%
Real Estate Activities	2.4%
Business Activities	1.9%
Public Administration and Defence; Compulsory Social Security	3.0%
Education	2.8%
Human Health and Social Work Activities	1.3%
Other Services Activities	2.1%
Taxe less subsidies on products	4.3%

Indonesia has experienced an average ***Gross Domestic Product (GDP) Growth of 4.2% and a stable inflation of 3.0%*** during the last 10 years. The prospects for the economy look bright ahead with an expected GDP ***growth of 5.1% and inflation around 2.5% for 2025 and 2026***

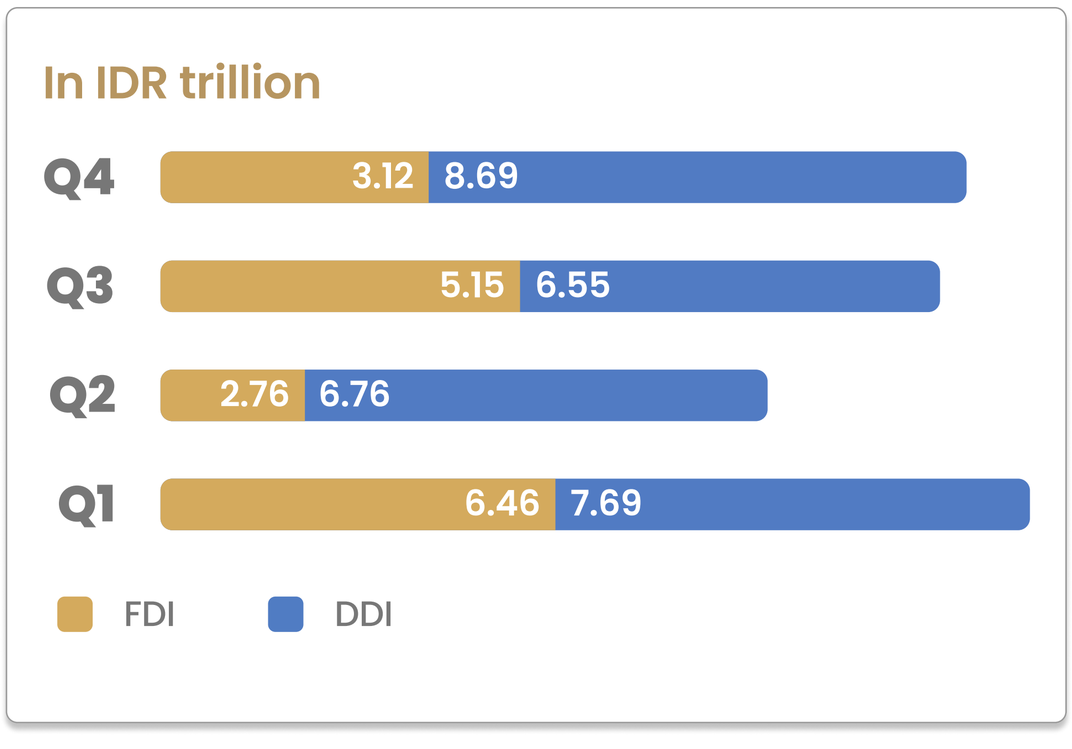
Investment Realization Performance

Target
IDR 45 Trillion

Realization
IDR 47,1 Trillion

Achievements
104,67%

Realization by Quarter



In 2024, investment realization in the tourism sector reached IDR 47.1 trillion, 4.67% higher than the 2024 target of IDR 45 trillion. This achievement represents a 3.92% year-on-year (y.o.y.) growth from 2023. The increase contributed to job creation for 109,815 people, a 30.8% rise compared to the previous year.

Despite a decline, domestic investment (DDI) still dominated investment performance in the tourism sector with a realization of **IDR 29.69 trillion (62.99%).** On the other hand, foreign direct investment (FDI) in the tourism sector increased, reaching **IDR 17.45 trillion (37.02%), up 18.63% year-on-year (y.o.y.).**

Based on the quarterly realization, both foreign (FDI) and domestic (DDI) investments showed a fluctuating trend, in contrast to the relatively stable and positive trend of national investment. This indicates an unstable investment interest in the tourism sector.

Iconic

Lake Toba, largest volcanic lake in the world

Regency

Ajibata, Toba

Area

386,72 Ha

Investment Value

USD 1,7 billion

General Description

Lake Toba is the largest volcanic lake in the world and the second largest lake in the world after Victoria Lake in Africa. It is one out of ten deepest lakes in the world, reaching around 500 metres depth. Samosir Island in the middle of Lake Toba has area of 64.000 hectares or equals to country of Singapore.

Toba Caldera Resort is an eco-tourism destination developed by BPODT – Badan Pelaksana Otorita Danau Toba - (lake toba tourism authority board). This 386.72 ha resort is prepared to stand tall among world class eco-resort network, as it is classified as a super-priority tourism destination and fully supported by Republic of Indonesia Government.

Toba Caldera Geopark has been ratified as a member of the UNESCO Global Geoparks in the 209th Session of the UNESCO Executive Board, Tuesday (7/7/2020) in Paris, France. Toba Caldera Resort developmen aims to improve the socio-economic condition of the surrounding communities through community empowerment, training, and involvement in the tourism industry

Destination Developer

Borobudur Tourism Authority Board under Ministry of Tourism RI

Iconic

Culture and Adventure Eco-Tourism

Regency

Magelang

Area

309 Ha

Investment Value

USD 95,5 billion

General Description

Located on the island of Java, the magnificent Borobudur temple is the world's biggest Buddhist Temple, an ancient site widely considered to be the one of the World's Seven Wonders. Built in the 9th century during the reign of the Syailendra Dynasty, the temple sits majestically on a hilltop overlooking lush green fields and distant hills. The Temple is a marvel of design, decorated with 2.672 relief panels amd 504 Buddha statues.

It was built without using any kind of cement or mortar. Though the temple has remained strong even through ten centuries of neglect. It was rediscovered in 1815, buried under volcanic ash. In the 1970's the Indonesian Government and UNESCO worked together to restore Borobudur to its former majesty.

The Borobudur Authority Agency has developed an Authority Zone covering an area of 309 hectares which is an exclusive tourism area with natural nuances and is located in Purworejo Regency, Central Java. This area will be developed with the concept of culture and Adventure Eco-Tourism, of course, by developing aspects of sustainability and friendliness to nature. This Authority Zone will be built by providing various international standard tourist facilities. Such as hotels with the concept of Glamorous Camping, Eco Resort, Fine Dining Restaurant, MICE, and supported by the surrounding area which has begun to develop, so as to increase the value of investment in the Borobudur Authority Zone.

LABUAN BAJO

A World Class Sustainable Super Premium Quality Tourism Destination

Destination Developer

Labuan Bajo Tourism Authority
Board under Ministry of Tourism RI

Iconic

Ecotourism Destination

Regency

Labuan Bajo

Area

400 Ha

Investment Value

USD 78,2 million

General Description

As the western gateway to Flores, and the launching pad for trips to Komodo National Park, the town of Labuan Bajo is enjoying a boom in tourism. An increasingly wide array of hotels, restaurants and other tourist amenities are popping up to suit every budget and style; meanwhile, the town retains the laidback feel of a sleepy harbor town.

Parapuar is a newly emerging tourism destination in Labuan Bajo, Flores, developed by the Labuan Bajo Flores Authority Implementation Agency (BPOLBF). The name “Parapuar” originates from the local Manggarai language, where “Para” means gate and “Puar” means forest—reflecting its role as a gateway to the Nggorang Bowosie production forest and its commitment to environmental conservation and authenticity.

The destination is being developed with an integrated, sustainable, and holistic approach. Its development includes enhancing attractions, amenities, and accessibility, along with improving community engagement, destination image, and tourism management. All aspects prioritize ecological balance and respect for local culture and society. Both natural and man-made attractions will reflect this commitment, and facilities will be designed to harmonize with the surrounding environment, offering visitors a unique and meaningful experience.

'The Mandalika, Injourney Tourism Development Corporation

Iconic

World-class beachfront sports & entertainment destination

Regency

Lombok

Area

1.035,67 ha

Investment Value

IDR 28,63 Billion

General Description

Managed by the Indonesia Tourism Development Corporation (ITDC), Mandalika is part of Indonesia’s “10 New Balis” initiative, aimed at diversifying the country's tourism destinations beyond Bali.

Mandalika is envisioned as a premier destination for ecotourism and sports tourism. The area boasts a 16-kilometer stretch of white sandy beaches and is designed with sustainability in mind, incorporating green infrastructure such as solar energy and water desalination systems. Over 51% of the zone is preserved as green open space to maintain its natural beauty. Key developments include luxury resorts, a golf course, and the Mandalika International Circuit, which hosts international motorsport events like MotoGP and World Superbike Championship.

SEZ Mandalika represents a strategic effort by the Indonesian government to promote sustainable tourism, stimulate economic growth, and preserve cultural heritage, positioning Lombok as a key player in the nation's tourism landscape.

MotoGP Mandalika:

Hosted at the Pertamina Mandalika International Circuit, this world-class MotoGP race has put Lombok on the international motorsport map. Fans from around the world travel to the island for the high-speed racing, concerts, and entertainment, making it a major annual tourism driver since its debut in 2022.

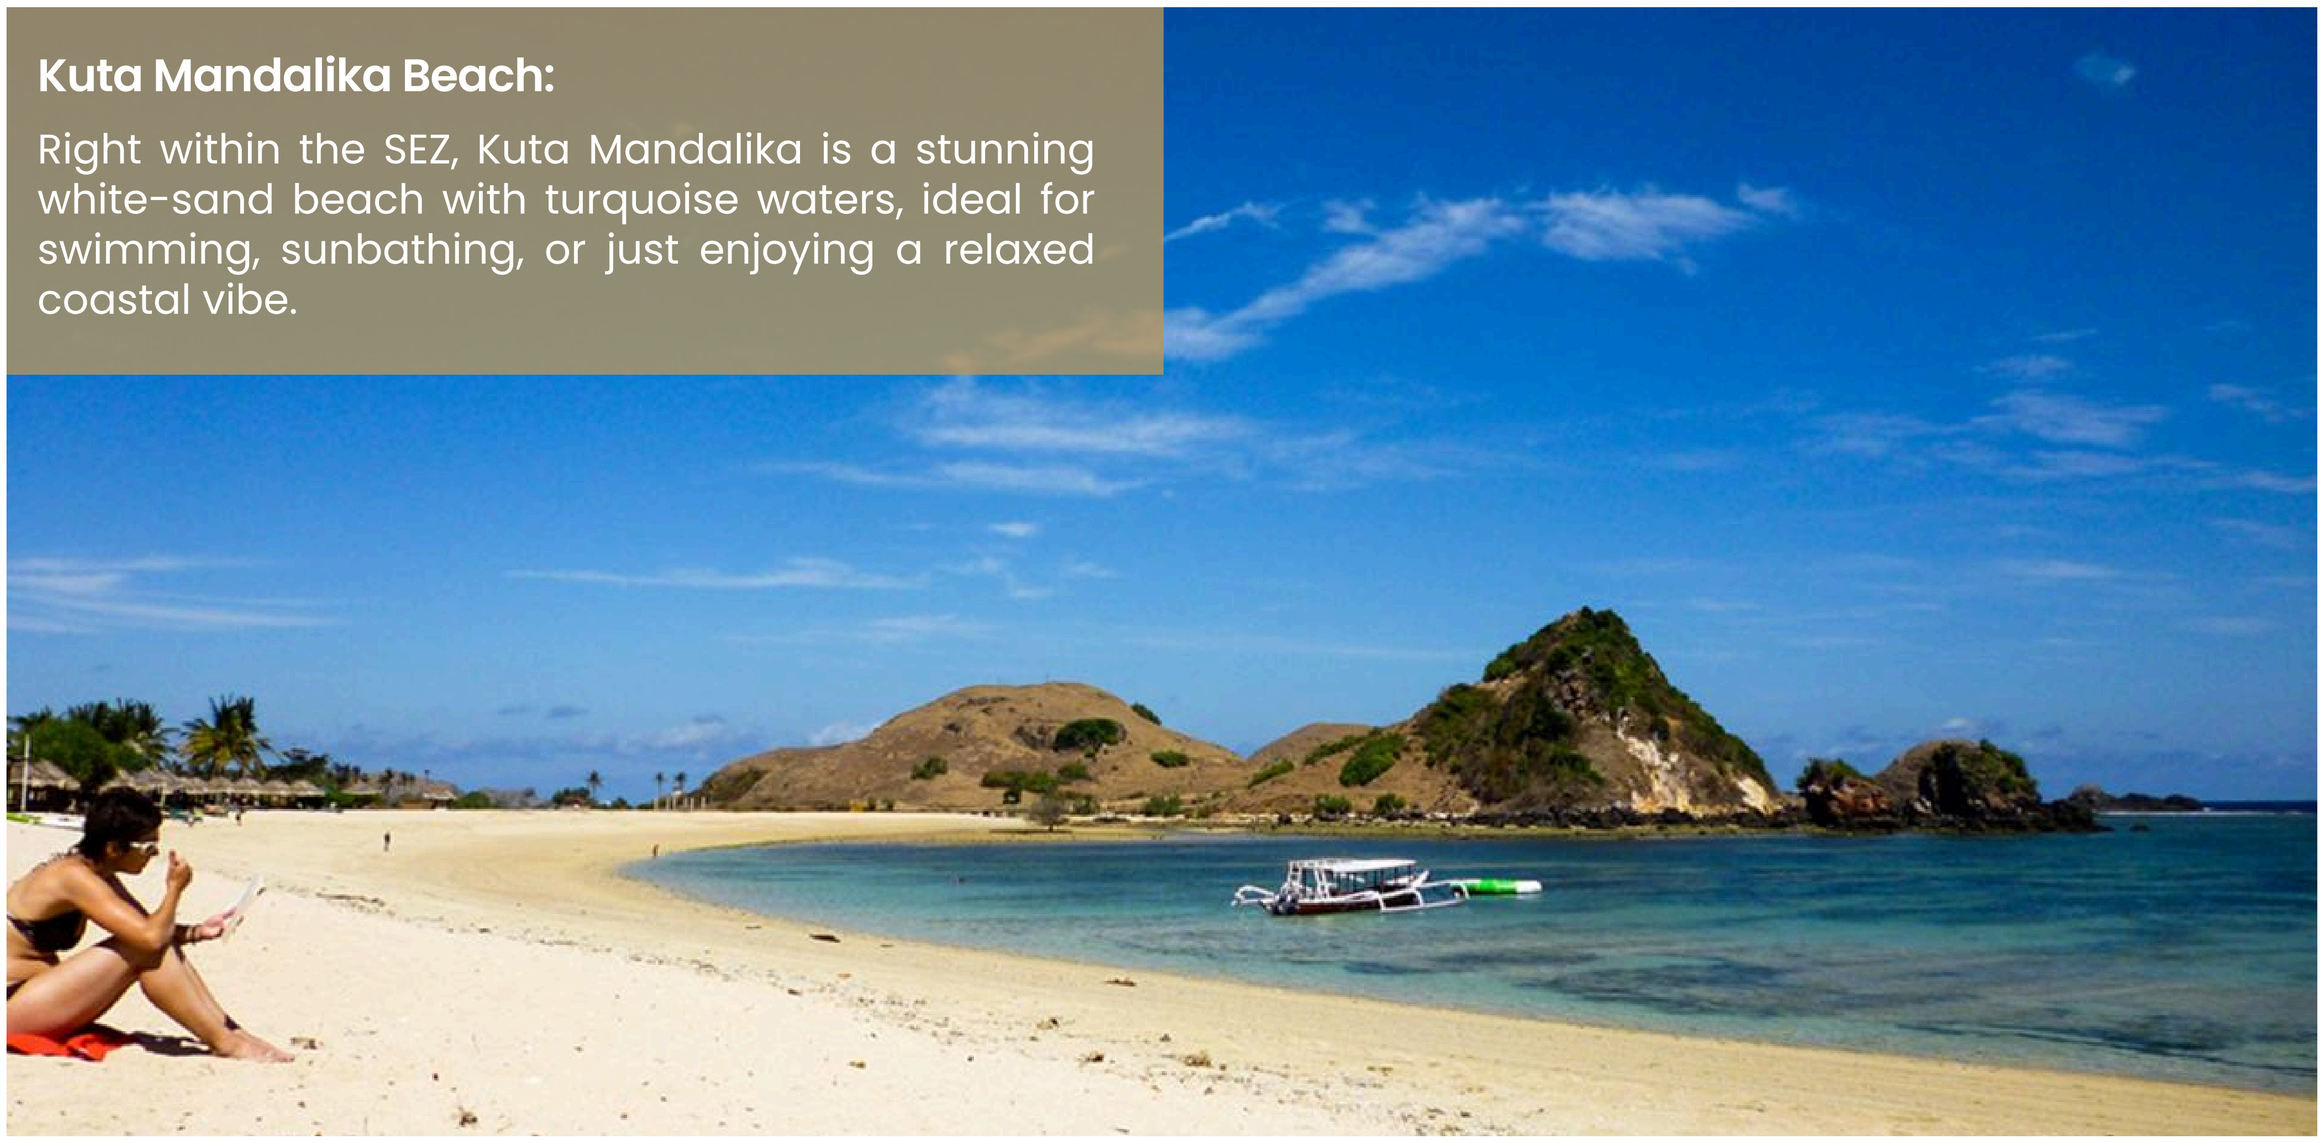
Bau Nyale Festival:

The most iconic cultural event in Lombok, Bau Nyale celebrates the legend of Princess Mandalika, who is believed to have transformed into sea worms (nyale) to bring peace. The festival is held along the beaches of Kuta Mandalika and features traditional rituals, colorful parades, peresean stick fighting, music and dance performances, and the symbolic nyale-catching ceremony at dawn. It is both a cultural and spiritual highlight of the island.

Tourist Attraction

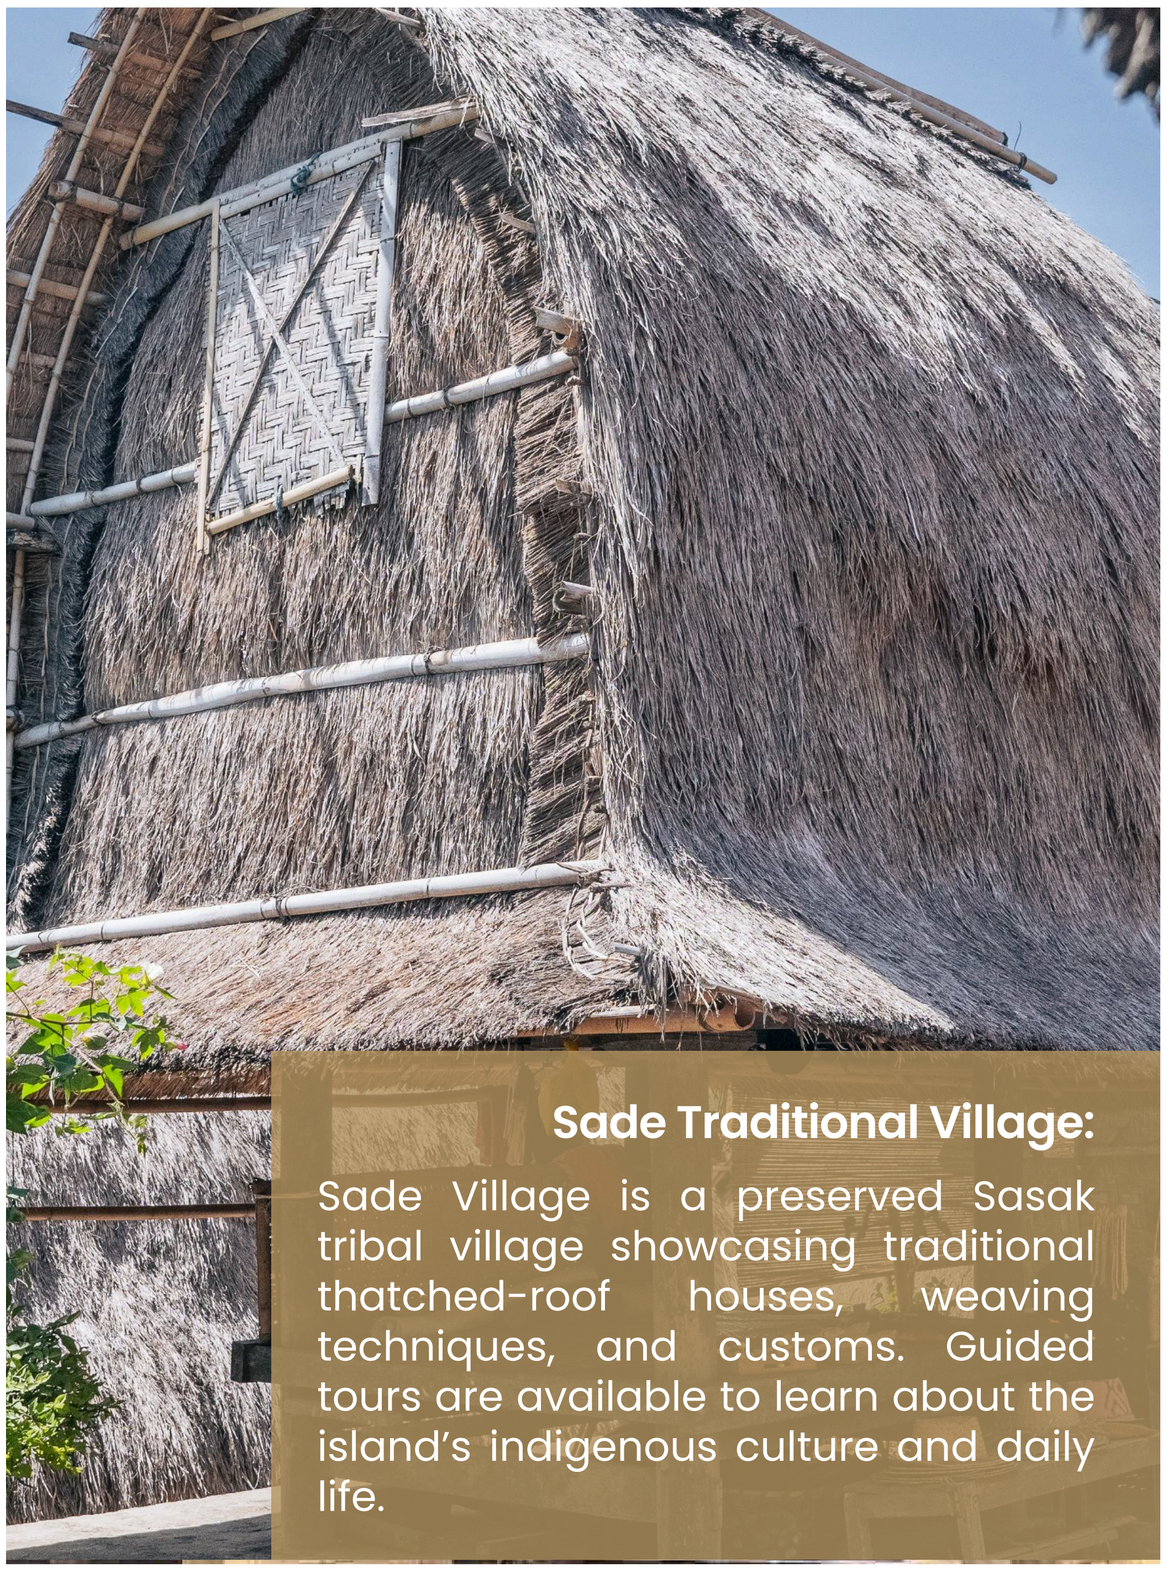
Kuta Mandalika Beach:

Right within the SEZ, Kuta Mandalika is a stunning white-sand beach with turquoise waters, ideal for swimming, sunbathing, or just enjoying a relaxed coastal vibe.



Tanjung Aan Beach:

Tanjung Aan is famous for its unique pepper-like sand and calm blue waters. The beach is perfect for swimming, picnics, and drone photography.



Sade Traditional Village:

Sade Village is a preserved Sasak tribal village showcasing traditional thatched-roof houses, weaving techniques, and customs. Guided tours are available to learn about the island's indigenous culture and daily life.

LIDO SEZ

Premier, fun-filled entertainment destination

Destination Developer

PT Hotel MNC Land Lido

Iconic

Premier, fun-filled entertainment destination

Regency

Bogor

Area

1.040 Ha

Investment Value

USD 2,4 Billion

General Description

Lido Special Economic Zone (SEZ), officially known as KEK MNC Lido City, is a tourism-focused SEZ located in Bogor Regency, West Java, about 60 kilometers south of Jakarta. Covering 1,040 hectares and developed by MNC Land, part of the MNC Group, KEK Lido is designed as an integrated resort and entertainment hub. It features a world-class theme park, Movieland film studios, a music and arts center, an 18-hole championship golf course, luxury hotels, and retail and dining areas.

Strategically accessible via the Bocimi toll road, Lido SEZ aims to attract US$2.4 billion in investments and create nearly 30,000 jobs by 2041. It is expected to draw an average of 3.17 million visitors annually, helping reduce outbound tourism by offering high-quality attractions locally.

Signature Events

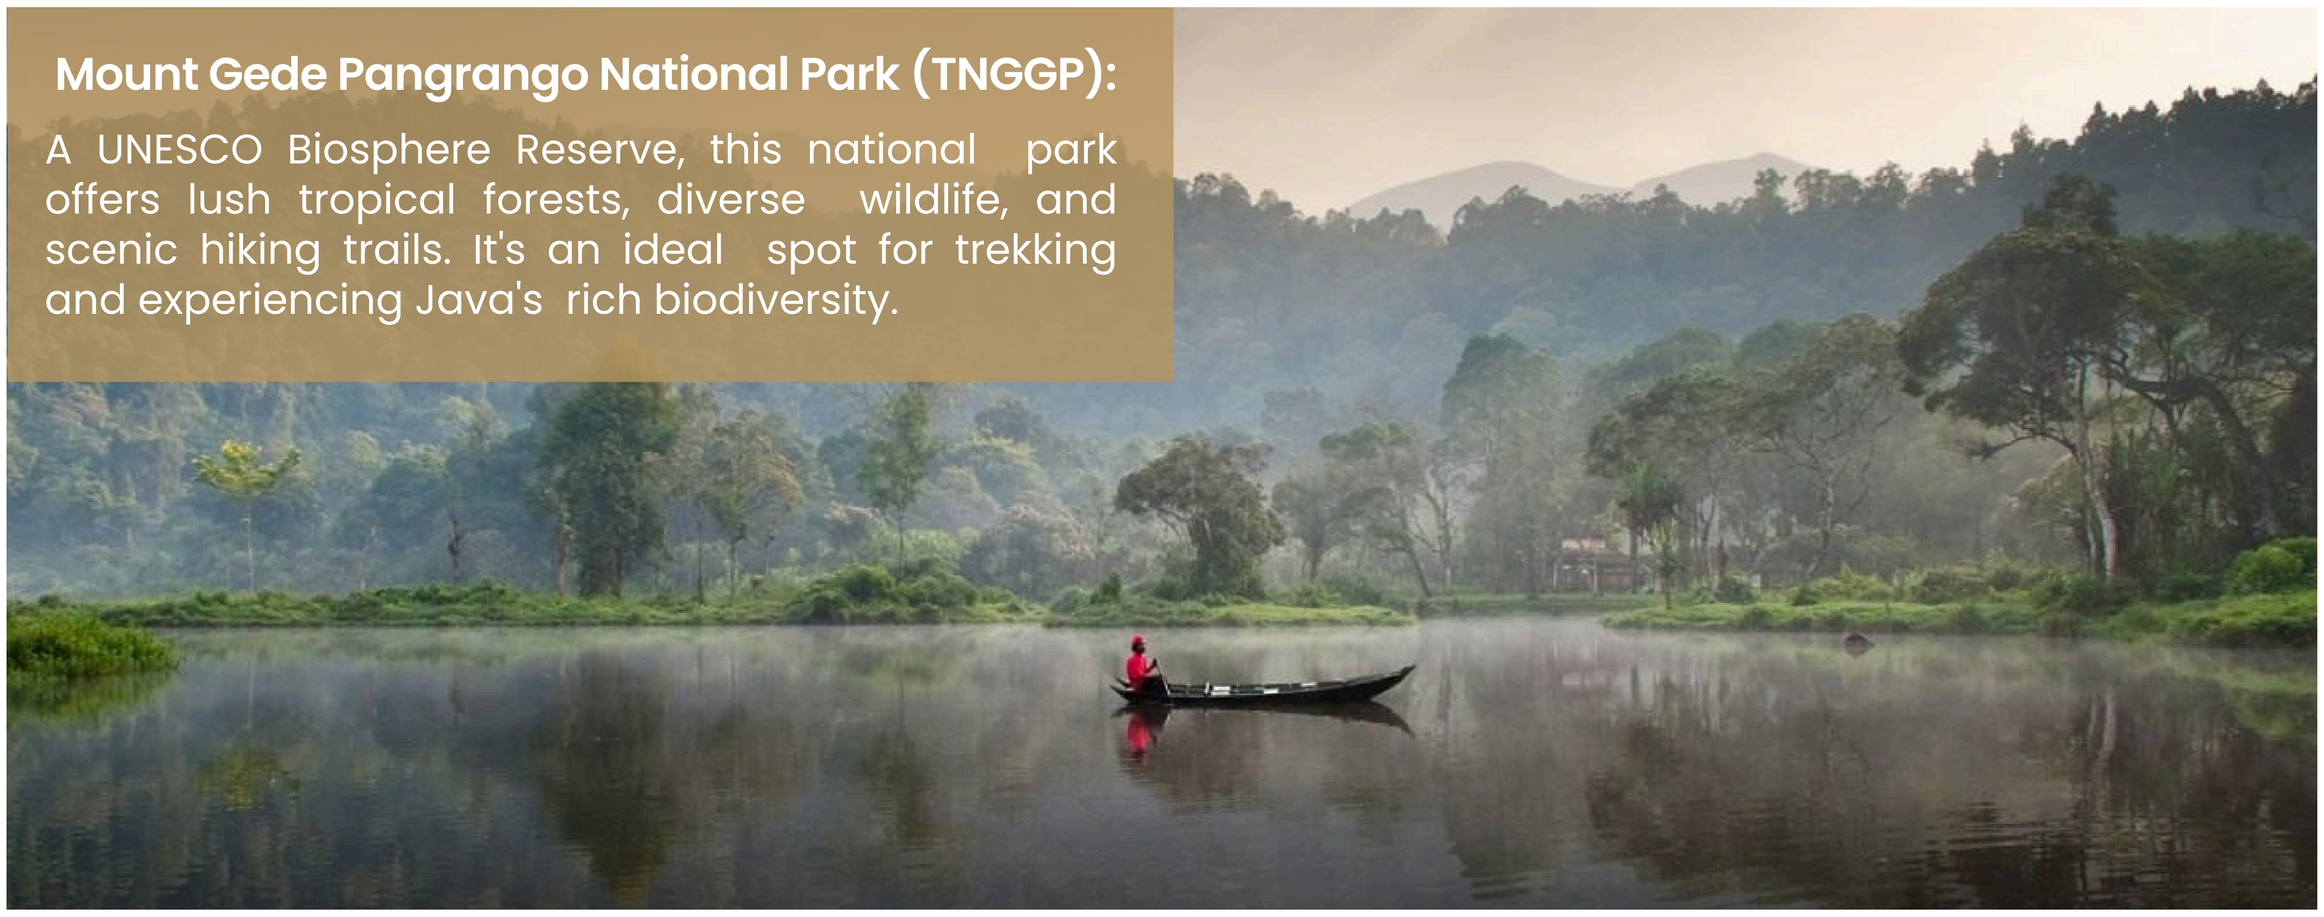
Cap Go Meh Bogor Street Festival:

Held annually to mark the 15th day of the Lunar New Year, this vibrant festival features traditional Chinese performances, lion dances, and a grand parade along Jalan Suryakencana. The event not only attracts local attendees but also garners interest from foreign tourists

Bogor Flower Festival:

Celebrating the city's botanical beauty, the Bogor Flower Festival showcases elaborate floral displays, parades, and horticultural exhibitions. This colorful event draws both domestic and international visitors, eager to experience Bogor's commitment to environmental aesthetics.

Tourist Attraction



Mount Gede Pangrango National Park (TNGGP):

A UNESCO Biosphere Reserve, this national park offers lush tropical forests, diverse wildlife, and scenic hiking trails. It's an ideal spot for trekking and experiencing Java's rich biodiversity.

Taman Safari Indonesia Bogor:

Located approximately 30 minutes from Lido, this renowned safari park allows visitors to observe a variety of animals in naturalistic habitats, along with entertaining animal shows and educational exhibits.

Puncak Tea Plantation:

Situated in the highlands, the tea plantations offer picturesque landscapes and a chance to learn about tea processing. The cool climate and rolling green hills make it a popular spot for relaxation and photography.

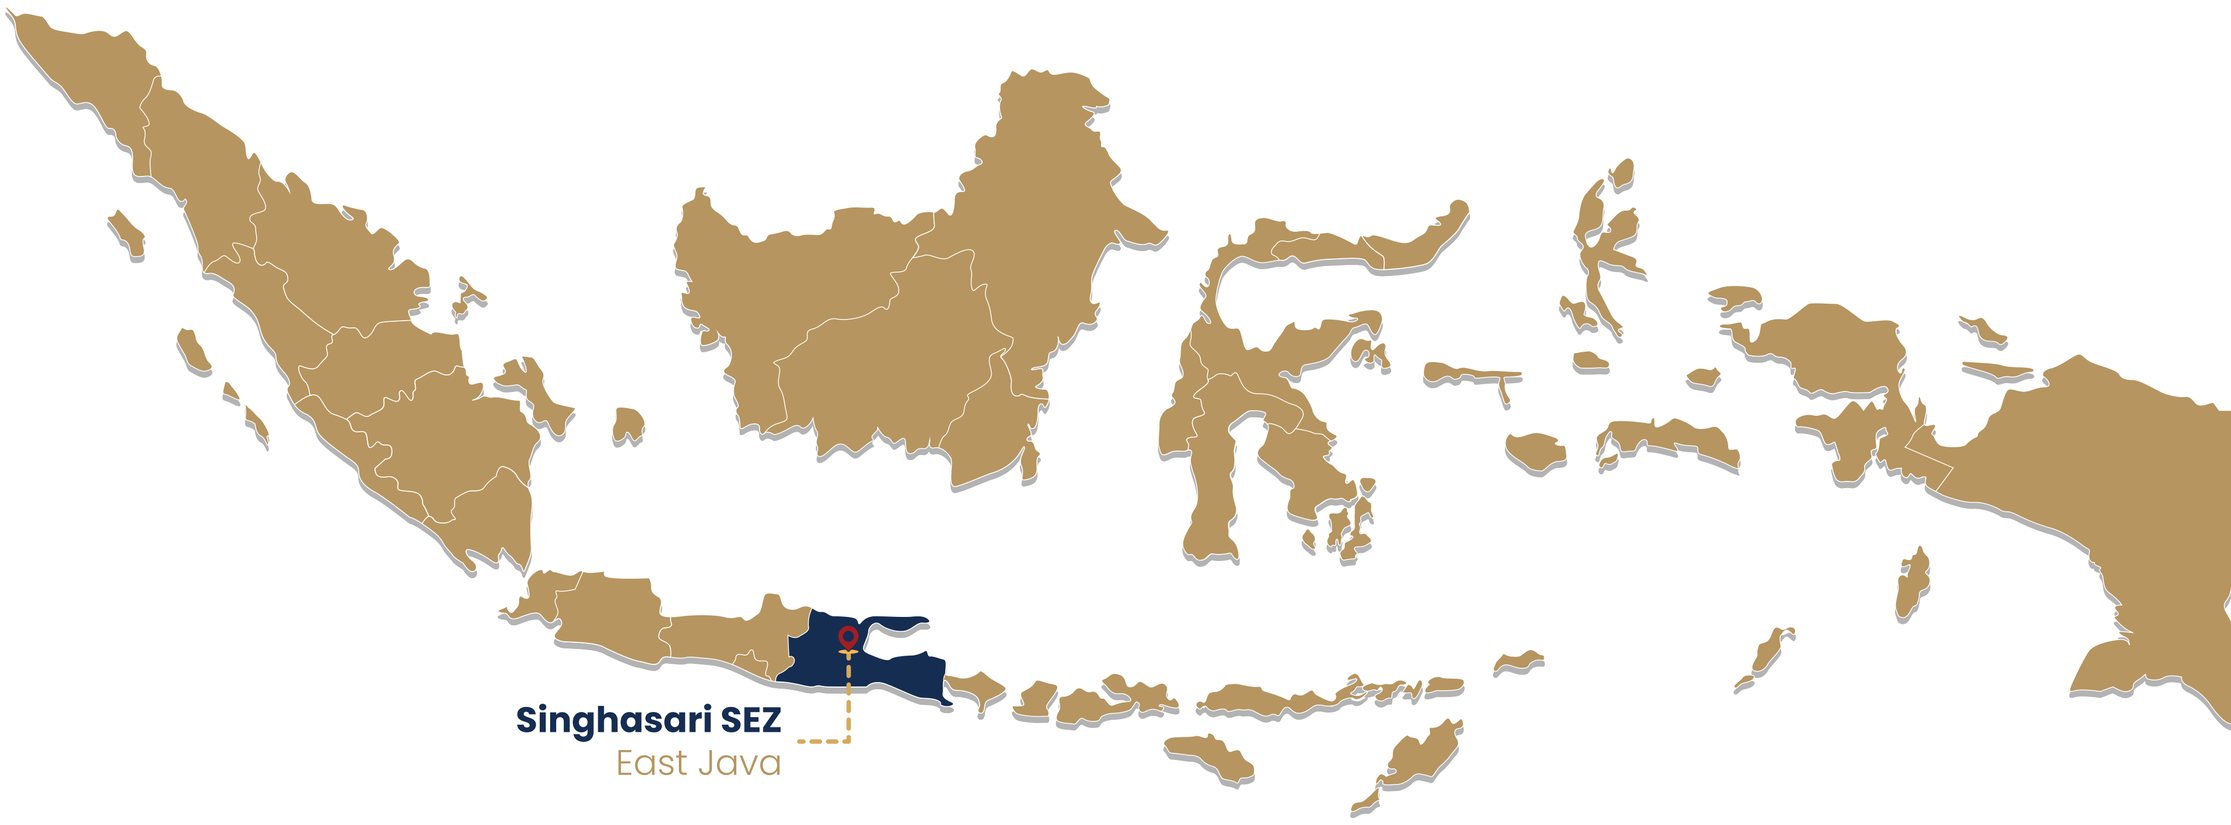
SINGHASARI SEZ

Heritage and Historical Tourism



Destination Developer

PT Intelegensi Grahatama

Iconic

Singhasari Kingdom Site

Regency

Malang

Area

120,3 Ha

Investment Value

IDR 11,92 Trillion

General Description

SEZ Singhasari, located in Malang Regency, East Java, is Indonesia's first digital-focused Special Economic Zone (SEZ). Designed as a hub for digital technology, creative industries, education, and tourism, it features key facilities such as the Animation and Film Factory (AFF)—Indonesia's largest animation center—which collaborates with vocational schools to nurture digital talent. Supported by advanced infrastructure including high-speed internet, a 15 MW electricity supply, and integrated waste management, the zone offers creative platforms like the Game Factory, Content Garage, and Coding Factory. Its proximity to the Bromo Tengger Semeru tourism area further enhances its appeal, making SEZ Singhasari a strategic destination for investors and professionals in the digital and creative sectors.

Destination Developer

PT Hotel Indonesia Natour / InJourney

Iconic

A World Class Medical & Wellness Destination in Bali

Regency

Sanur

Area

41,26 Ha

Investment Value

IDR 6,2 Trillion

General Description

The Sanur Special Economic Zone (SEZ) in Bali is Indonesia's first SEZ dedicated to health and wellness tourism. Spanning over 41 hectares along Sanur's southeastern coastline, it is designed to transform Bali into a premier international medical tourism destination. Anchored by the upcoming Bali International Hospital—developed in partnership with the Mayo Clinic Care Network—the zone will offer advanced medical services in fields such as cardiology, neurology, orthopedics, and critical care. In addition to the hospital, the SEZ will host specialized clinics for aesthetic surgery, fertility, and cell therapy, as well as wellness centers, luxury accommodations, a convention center, and an ethnomedicinal botanical garden. The Sanur SEZ aims to attract international tourists seeking integrated health services while contributing significantly to Bali's economy and job creation.

- Convention Center
- Commercial Area & SMSI
- Ethnomedical Botanic Garden

Signature Events

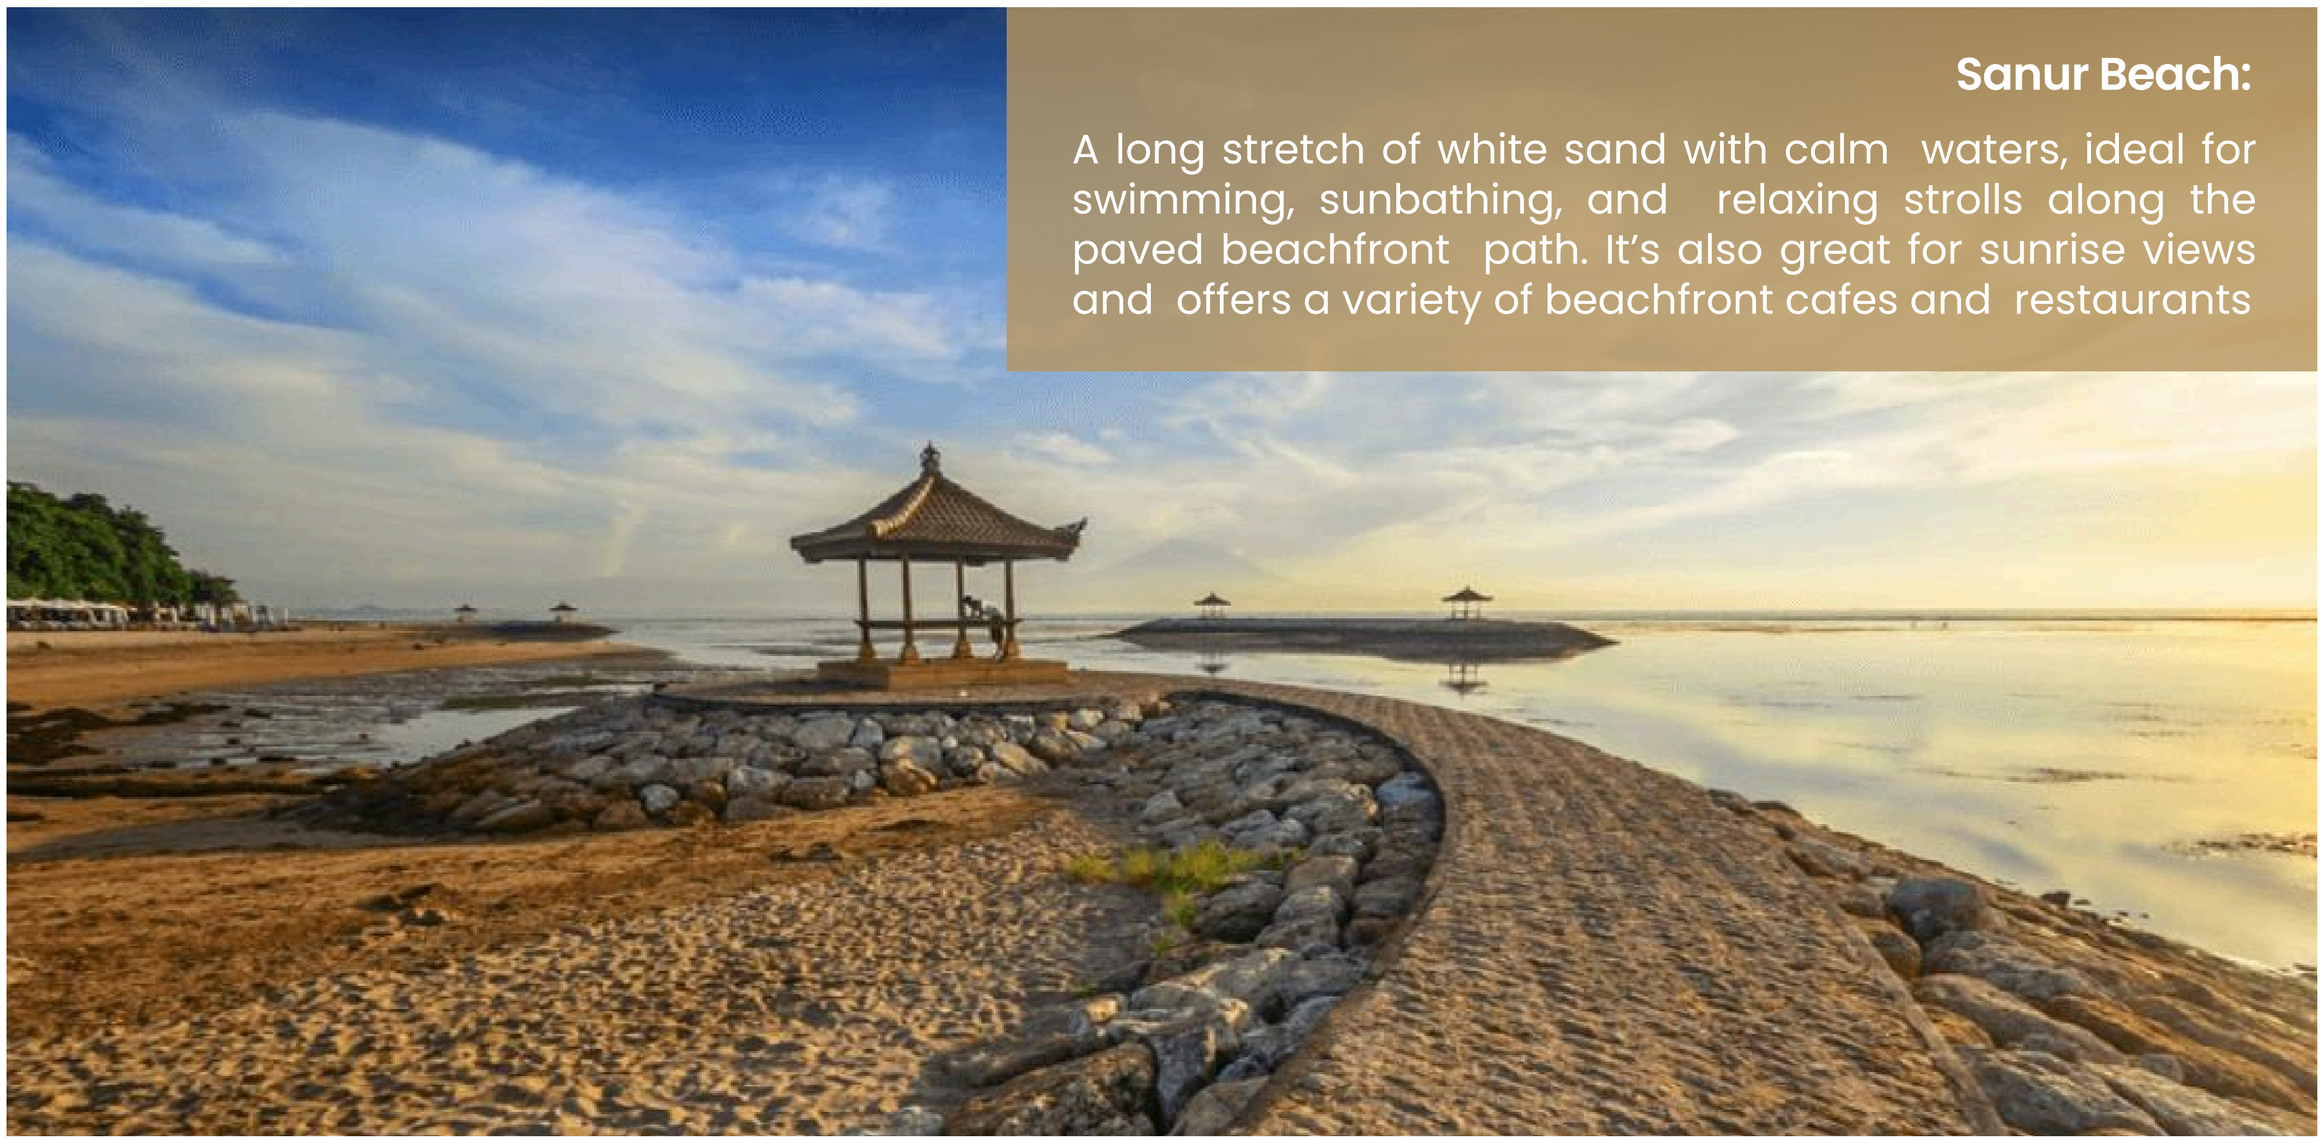
Sanur Village Festival (SVF):

The Sanur Village Festival is a week-long celebration of arts, culture, and community spirit. Held annually in October at Pantai Mertasari, the festival features a diverse array of activities, including art exhibitions, traditional dance performances, culinary events, water sports, and environmental awareness programs. It serves as a platform to showcase Sanur's rich cultural heritage and promote sustainable tourism

The Kasanga Festival:

It is an annual cultural celebration held in Denpasar, Bali, closely associated with the traditional Balinese New Year, Nyepi. Central to the festival is the Ogoh-Ogoh parade, where intricately crafted giant effigies representing negative traits or malevolent spirits are showcased. These effigies are paraded through the streets and subsequently burned, symbolizing the purification of the environment and the self ahead of the Day of Silence

Tourist Attraction

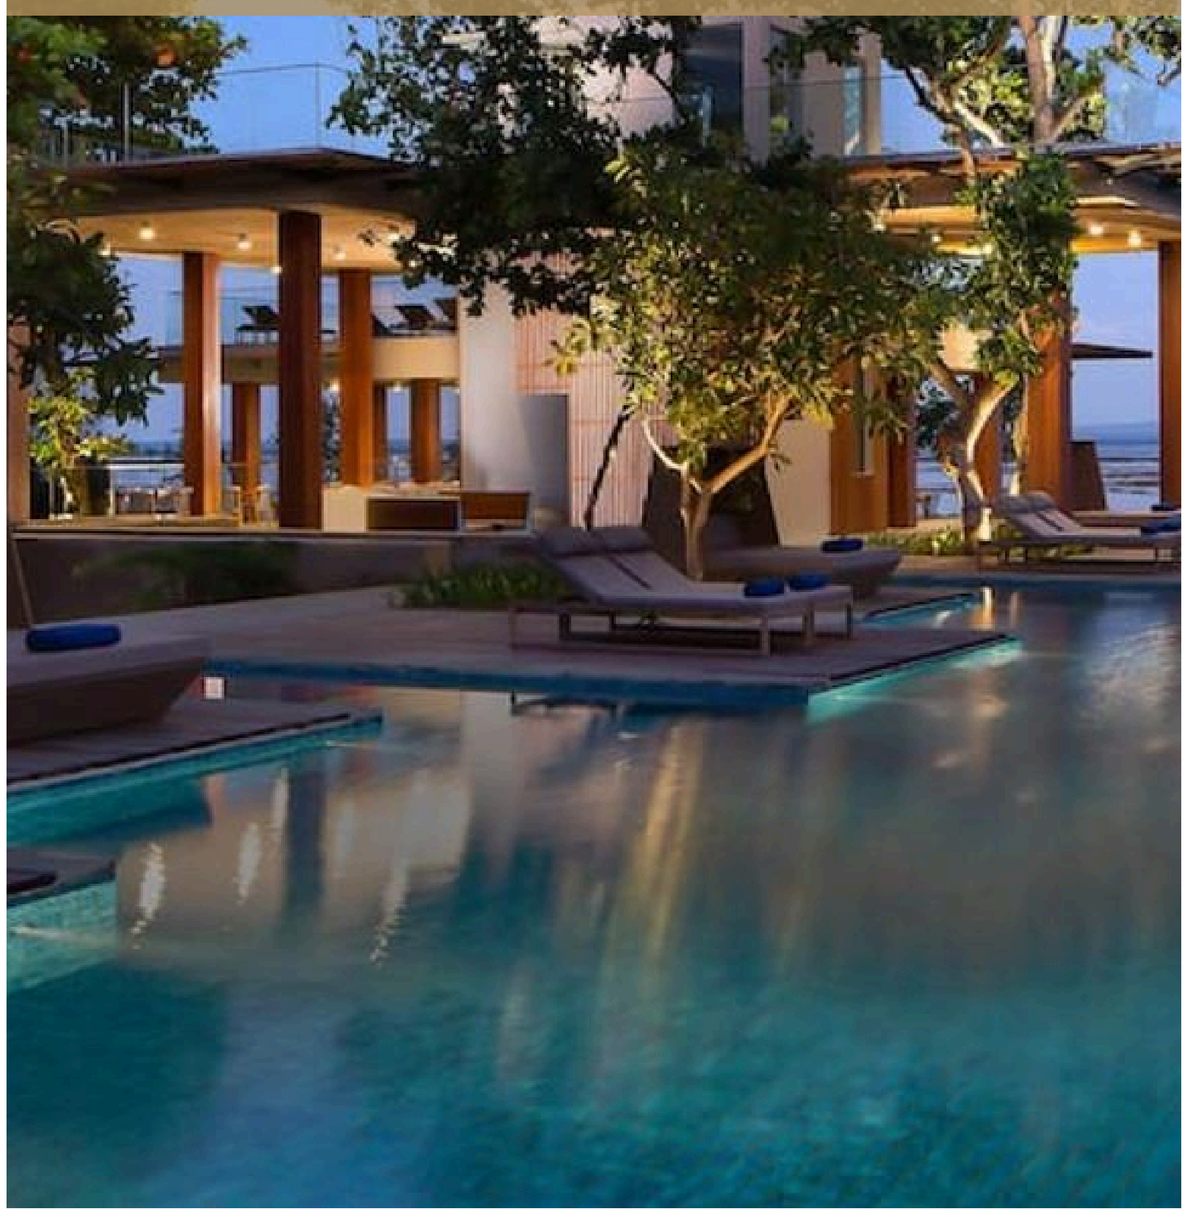


Sanur Beach:

A long stretch of white sand with calm waters, ideal for swimming, sunbathing, and relaxing strolls along the paved beachfront path. It’s also great for sunrise views and offers a variety of beachfront cafes and restaurants

Wellness and Spa Centers:

Sanur is home to many high-end spas and yoga studios, offering massages, meditation, and wellness retreats, perfectly complementing the area's peaceful atmosphere.



Pura Blanjong Temple:

One of Sanur’s oldest temples, it houses the Blanjong Pillar—a stone inscription dating back to the 10th century, marking Bali’s ancient historical significance

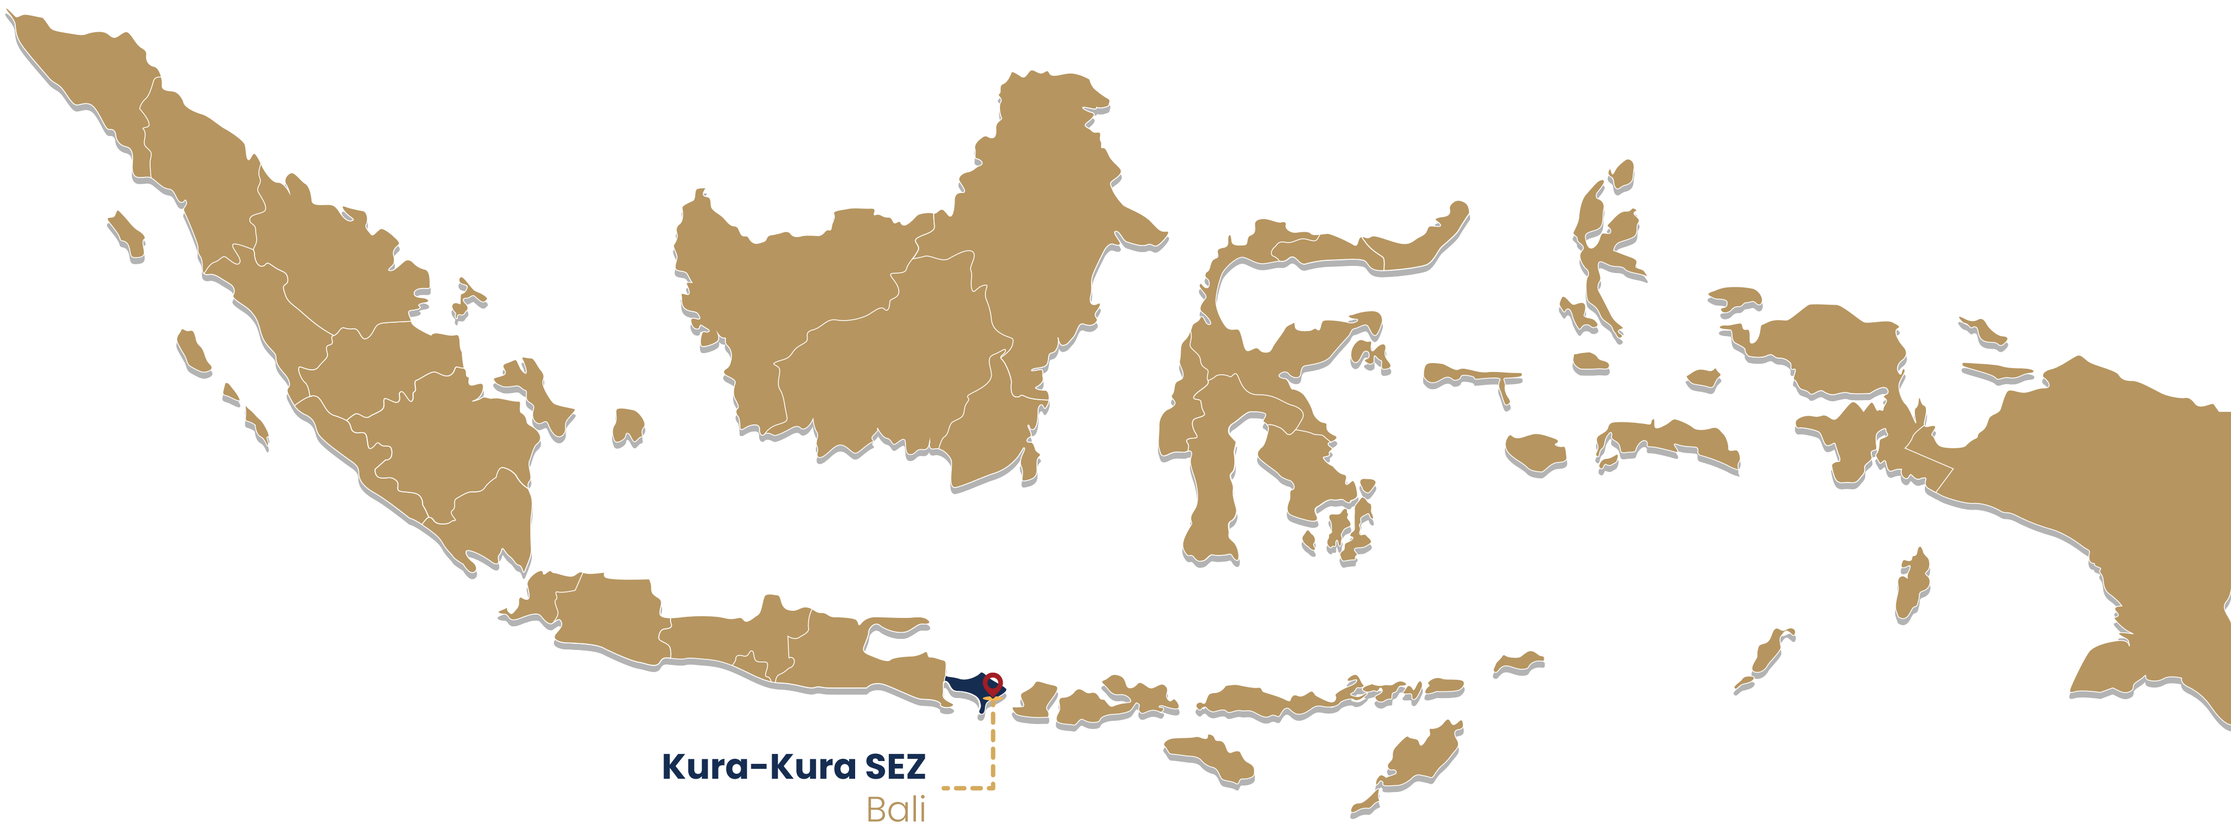
Hub for sustainable development, innovation, and tourism



Destination Developer

PT Bali Turtle Island Development

Iconic

Hub for sustainable development, innovation, and tourism

Regency

Denpasar

Area

498 Ha

Investment Value

$6,1 Billion

General Description

Kura Kura Bali Special Economic Zone (SEZ) is a transformative 498-hectare development on Serangan Island, Denpasar, designed to become a premier destination for sustainable tourism, innovation, and cultural enrichment. Officially established in 2023, the SEZ combines high-end infrastructure with ecological and spiritual balance, guided by the Balinese philosophy of Tri Hita Karana. It integrates key sectors such as health, education, creative industries, and digital technology, and is home to major projects including a luxury marina, five-star resorts, The Grand Outlet Bali, ACS international school, and a future-focused tech park emphasizing semiconductors and the digital economy. The zone also supports wellness tourism and green initiatives, aiming to position Bali as a hub for global talent, investment, and sustainable development.

Main Investment Opportunities

- Marina with resort
- Culture Hub/ Park
- Tech park
- Hotel, resort and apartment
- Holistic wellness Center
- Commercial development

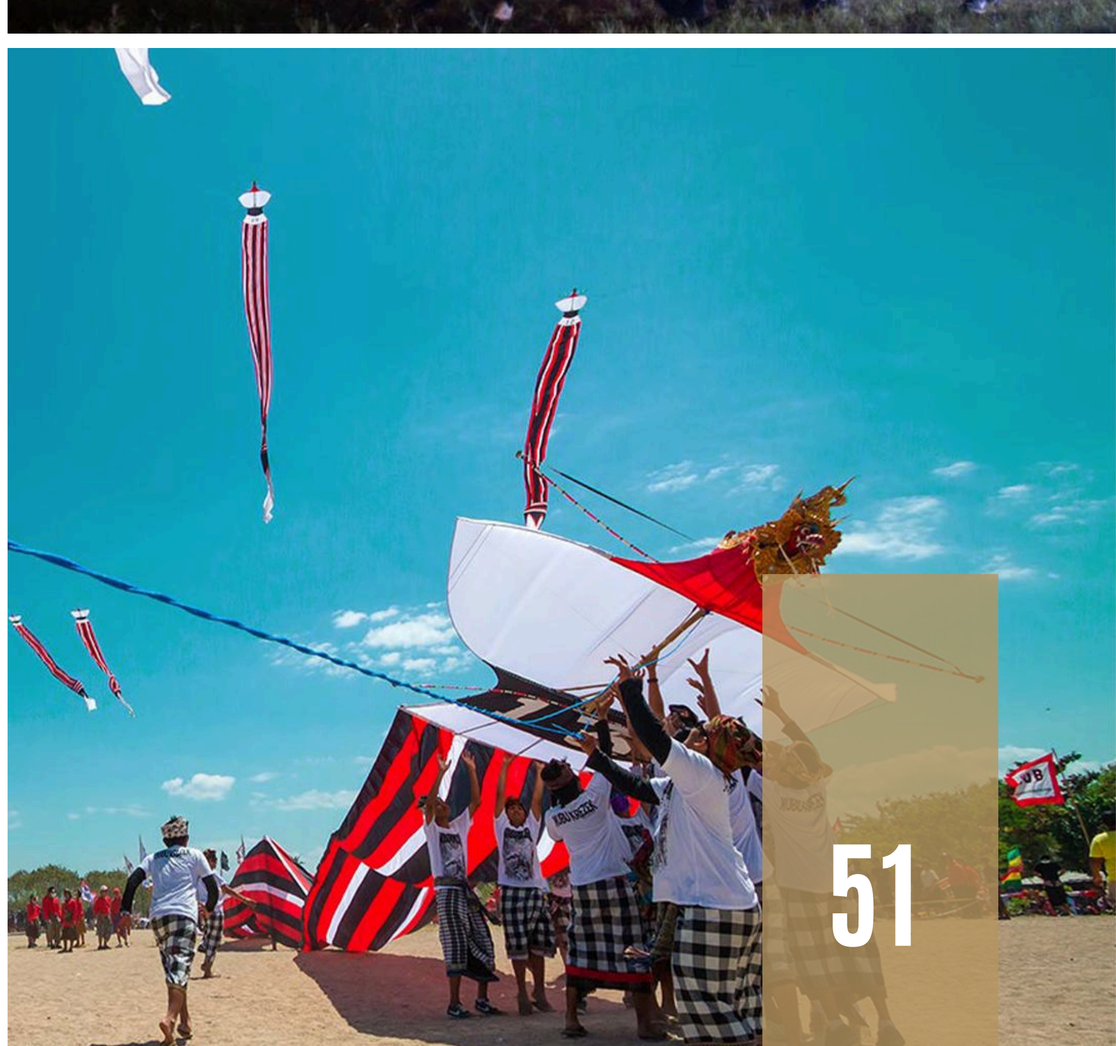
Signature Events

Nyepi & Ogoh-Ogoh Parade:

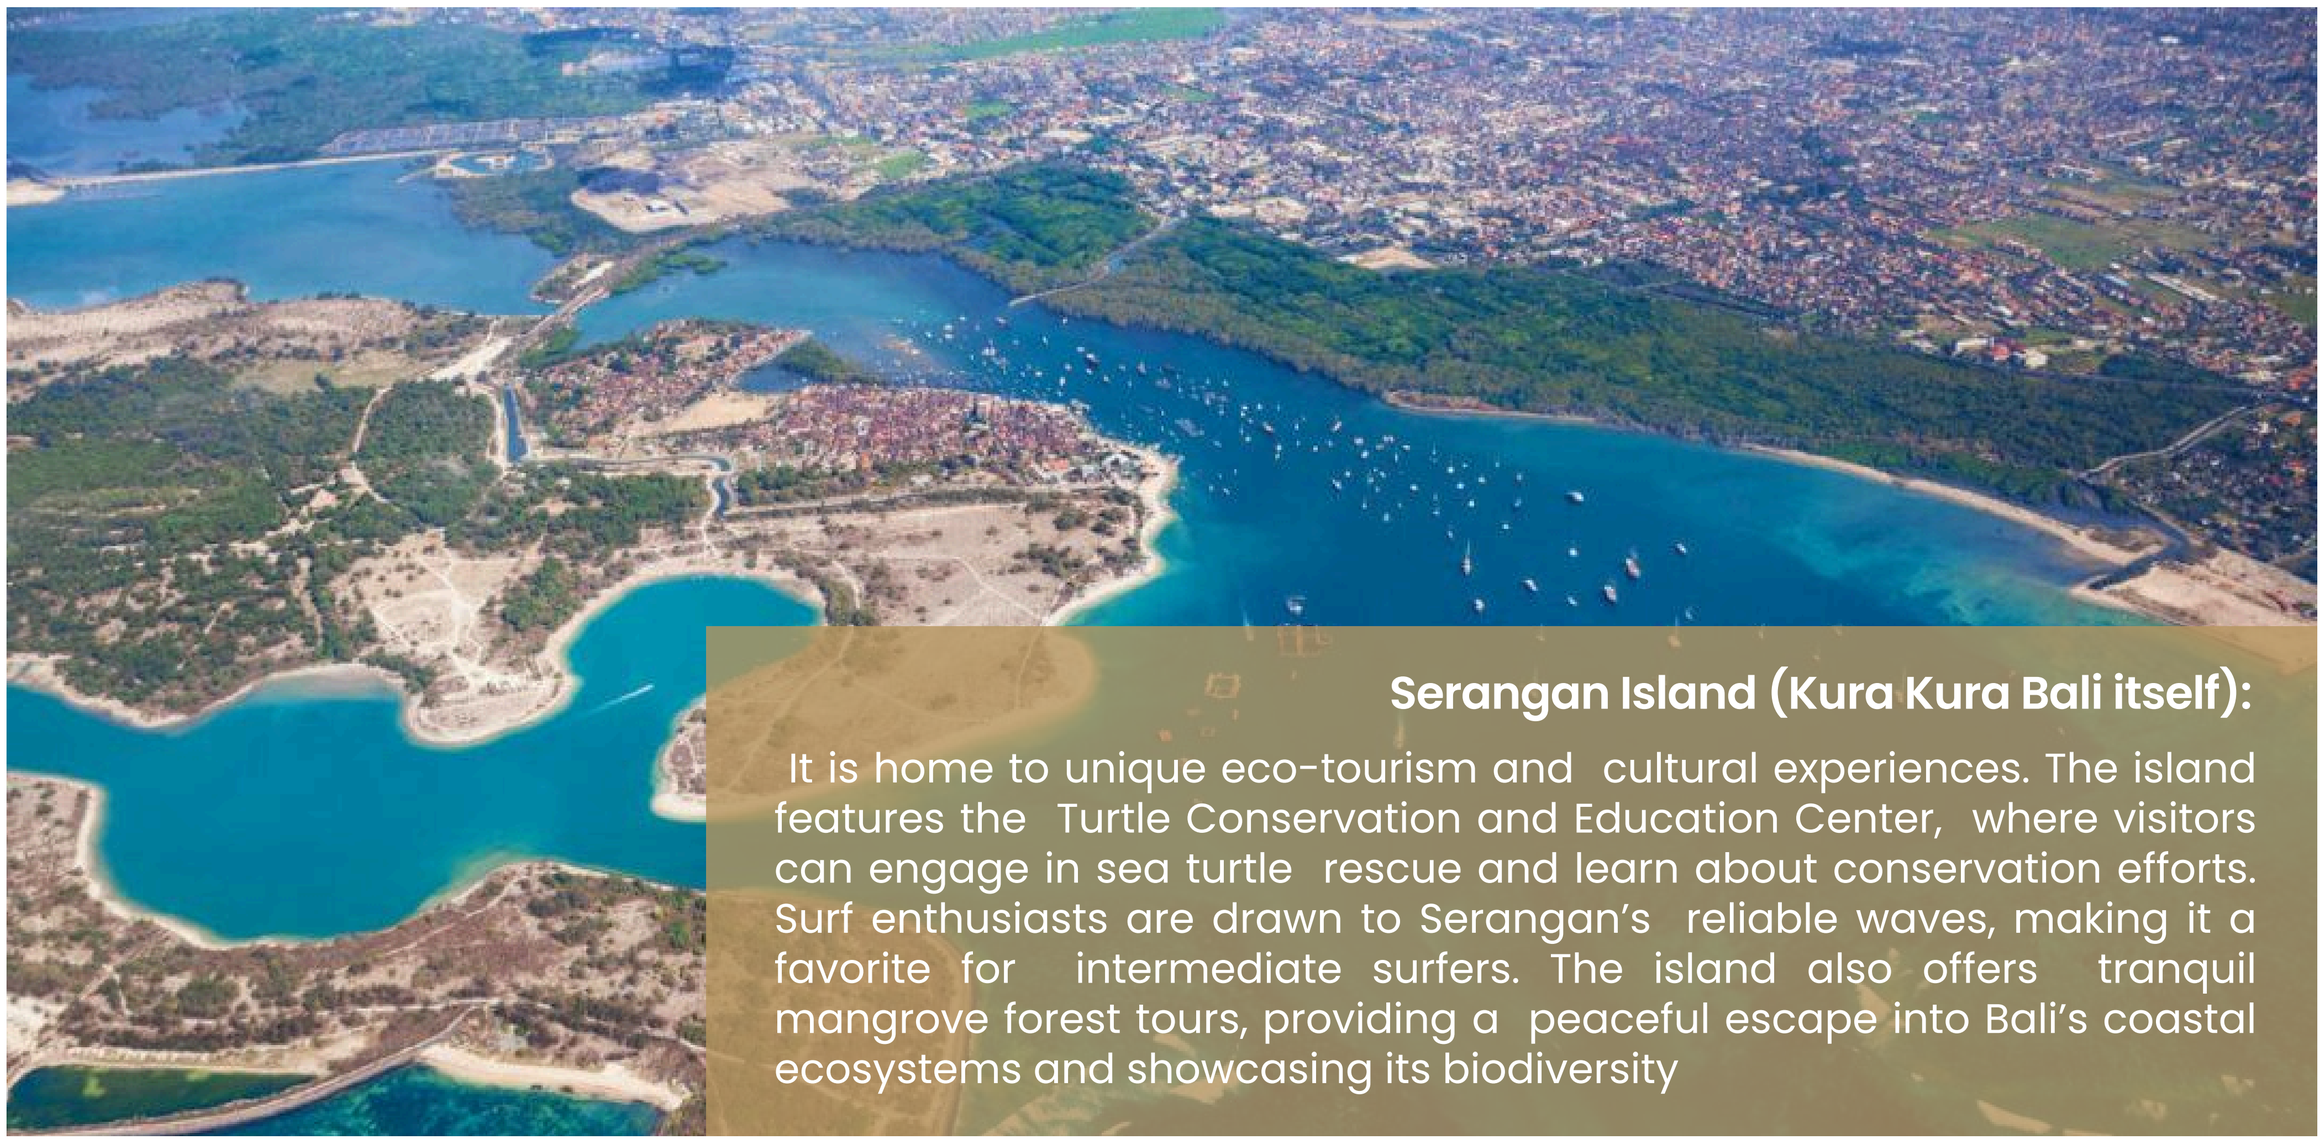
Bali’s Day of Silence (Nyepi) is a spiritual celebration unlike any other. It begins with the Ogoh-Ogoh parade, where large demonic effigies are marched through the streets and then symbolically burned to cleanse negative energies. The following day, the island shuts down entirely for 24 hours of silence, fasting, and meditation.

The Bali Kite Festival:

It is one of the island's most vibrant and culturally significant annual events, held from July through October, with peak festivities typically occurring in July and August. Centered at Padang Galak Beach near Sanur, the festival transforms the skies into a canvas of color and creativity, drawing thousands of spectators and participants from around the world.



Tourist Attraction

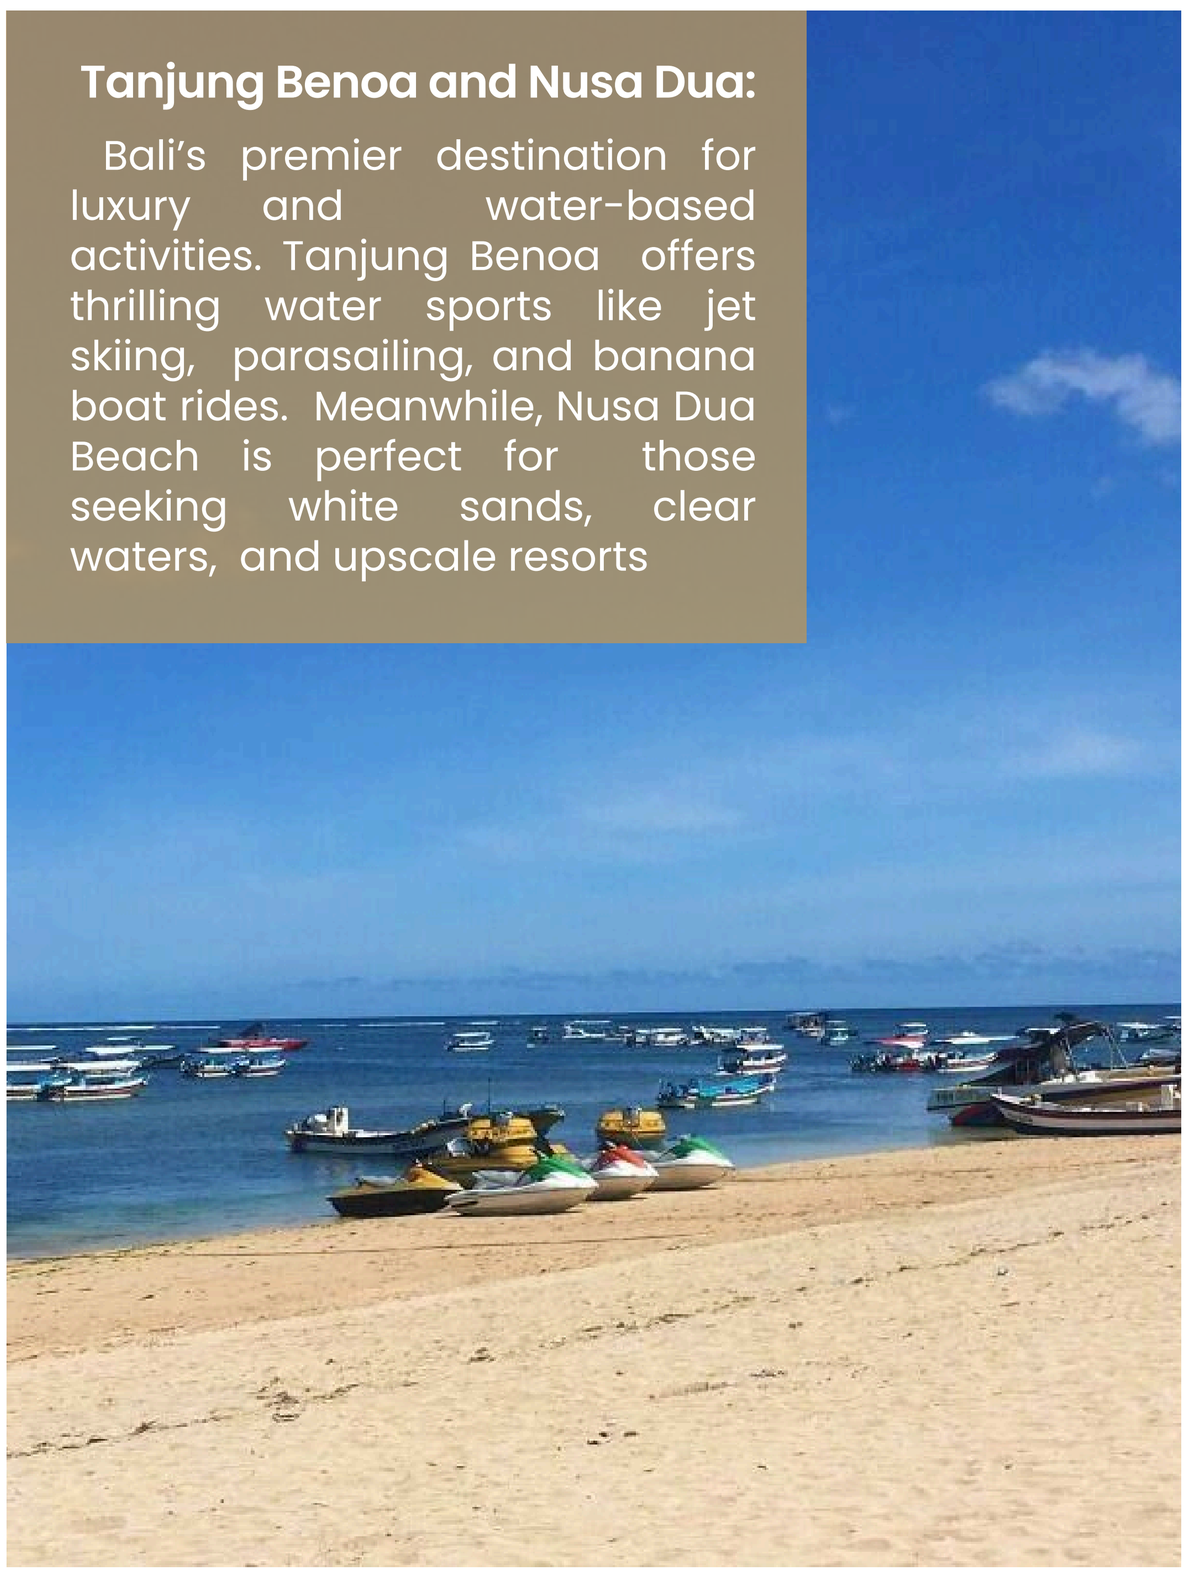


Serangan Island (Kura Kura Bali itself):

It is home to unique eco-tourism and cultural experiences. The island features the Turtle Conservation and Education Center, where visitors can engage in sea turtle rescue and learn about conservation efforts. Surf enthusiasts are drawn to Serangan's reliable waves, making it a favorite for intermediate surfers. The island also offers tranquil mangrove forest tours, providing a peaceful escape into Bali's coastal ecosystems and showcasing its biodiversity

Tanjung Benoa and Nusa Dua:

Bali's premier destination for luxury and water-based activities. Tanjung Benoa offers thrilling water sports like jet skiing, parasailing, and banana boat rides. Meanwhile, Nusa Dua Beach is perfect for those seeking white sands, clear waters, and upscale resorts



Turtle Island (Pulau Penyu):

Can accessed via a short glass-bottom boat ride from Tanjung Benoa, is another animal-focused attraction where visitors can observe and interact with rescued sea turtles. The island hosts a conservation center that rehabilitates injured turtles and educates the public about marine life protection

North Maluku

MOROTAI SEZ

Premier destination for eco-tourism and marine tourism

Destination Developer

PT Jababeka Morotai

Iconic

Premier destination for eco-tourism and marine tourism

Regency

Morotai Island

Area

1.101, 76 Ha

Investment Value

IDR 30,44 Trillion

General Description

Spanning approximately 1,101.76 hectares, this SEZ is strategically designed to bolster economic activities in tourism, fisheries processing, and logistics sectors

Morotai Island offers a pristine natural paradise, largely untouched by development, making it a prime destination for eco-tourism and sustainable travel. With crystal-clear waters—said to surpass even Raja Ampat in clarity—vibrant coral reefs, and white sandy beaches, Morotai is ideal for diving, snorkeling, and surfing. The island's unspoiled charm, combined with its unique marine biodiversity and surfable waves, makes it a must-visit destination for both domestic and international tourists seeking an authentic and unforgettable tropical escape.

Morotai Island's rich World War II history, pristine beaches, and vibrant marine biodiversity make it a compelling destination for both cultural and eco-tourism. The SEZ leverages these natural and historical assets to attract investments in sustainable tourism and related industries

Connectivity

Signature Events

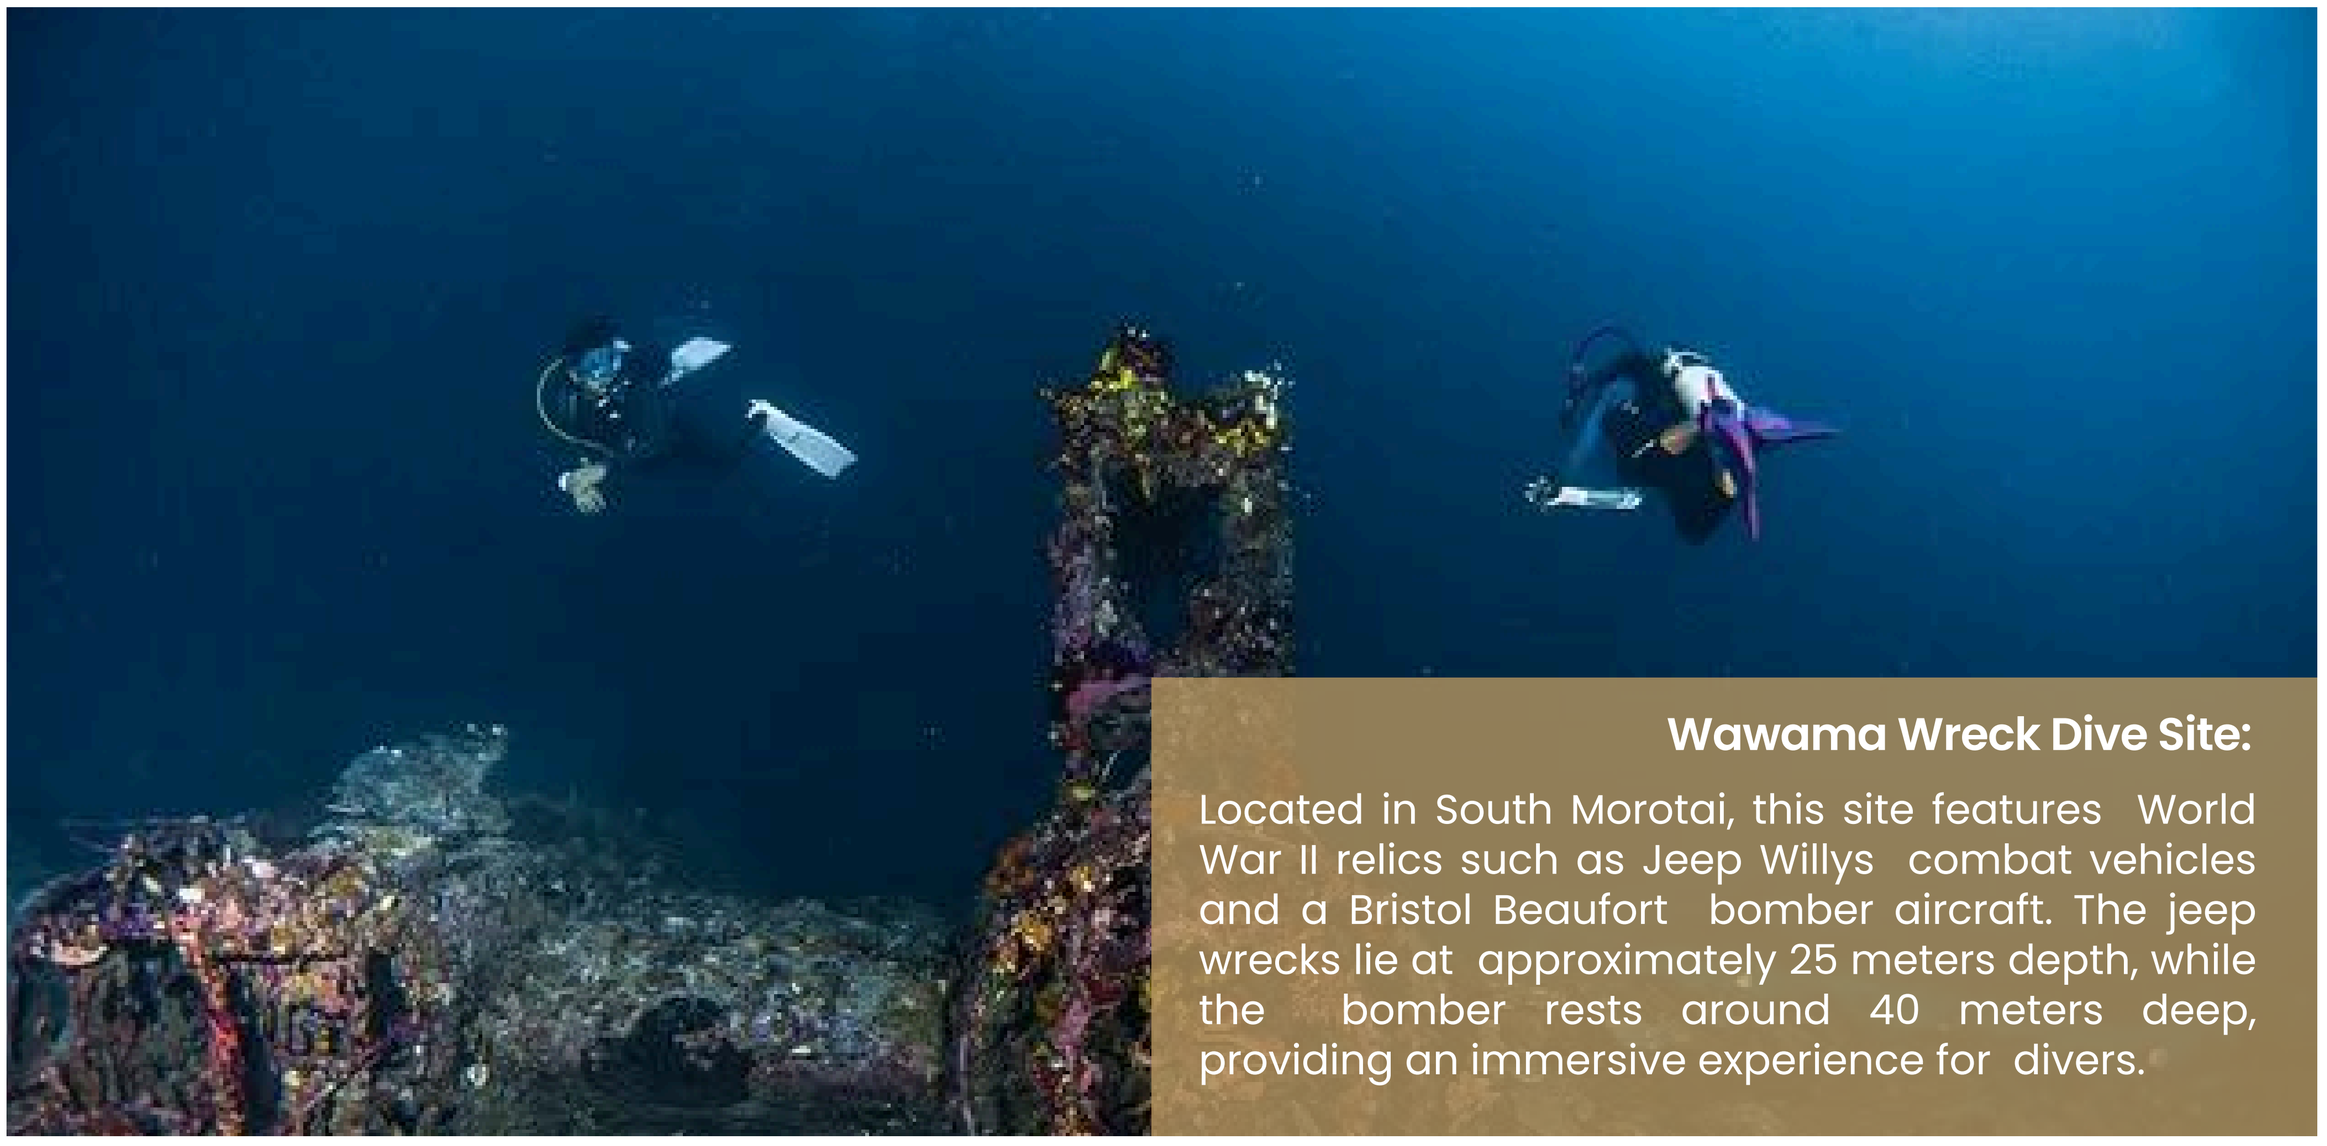
Morotai Festival:

Held annually in early August, the Morotai Festival is the island's flagship event. It features a variety of activities such as surfing competitions, traditional boat parades, fishing contests, culinary bazaars, and cultural performances.

Festival Pulau Dodola:

Key events during the festival include nighttime cultural performances, kite-flying competitions, national-level diving contests, traditional canoe races, and yacht visits.

Tourist Attraction

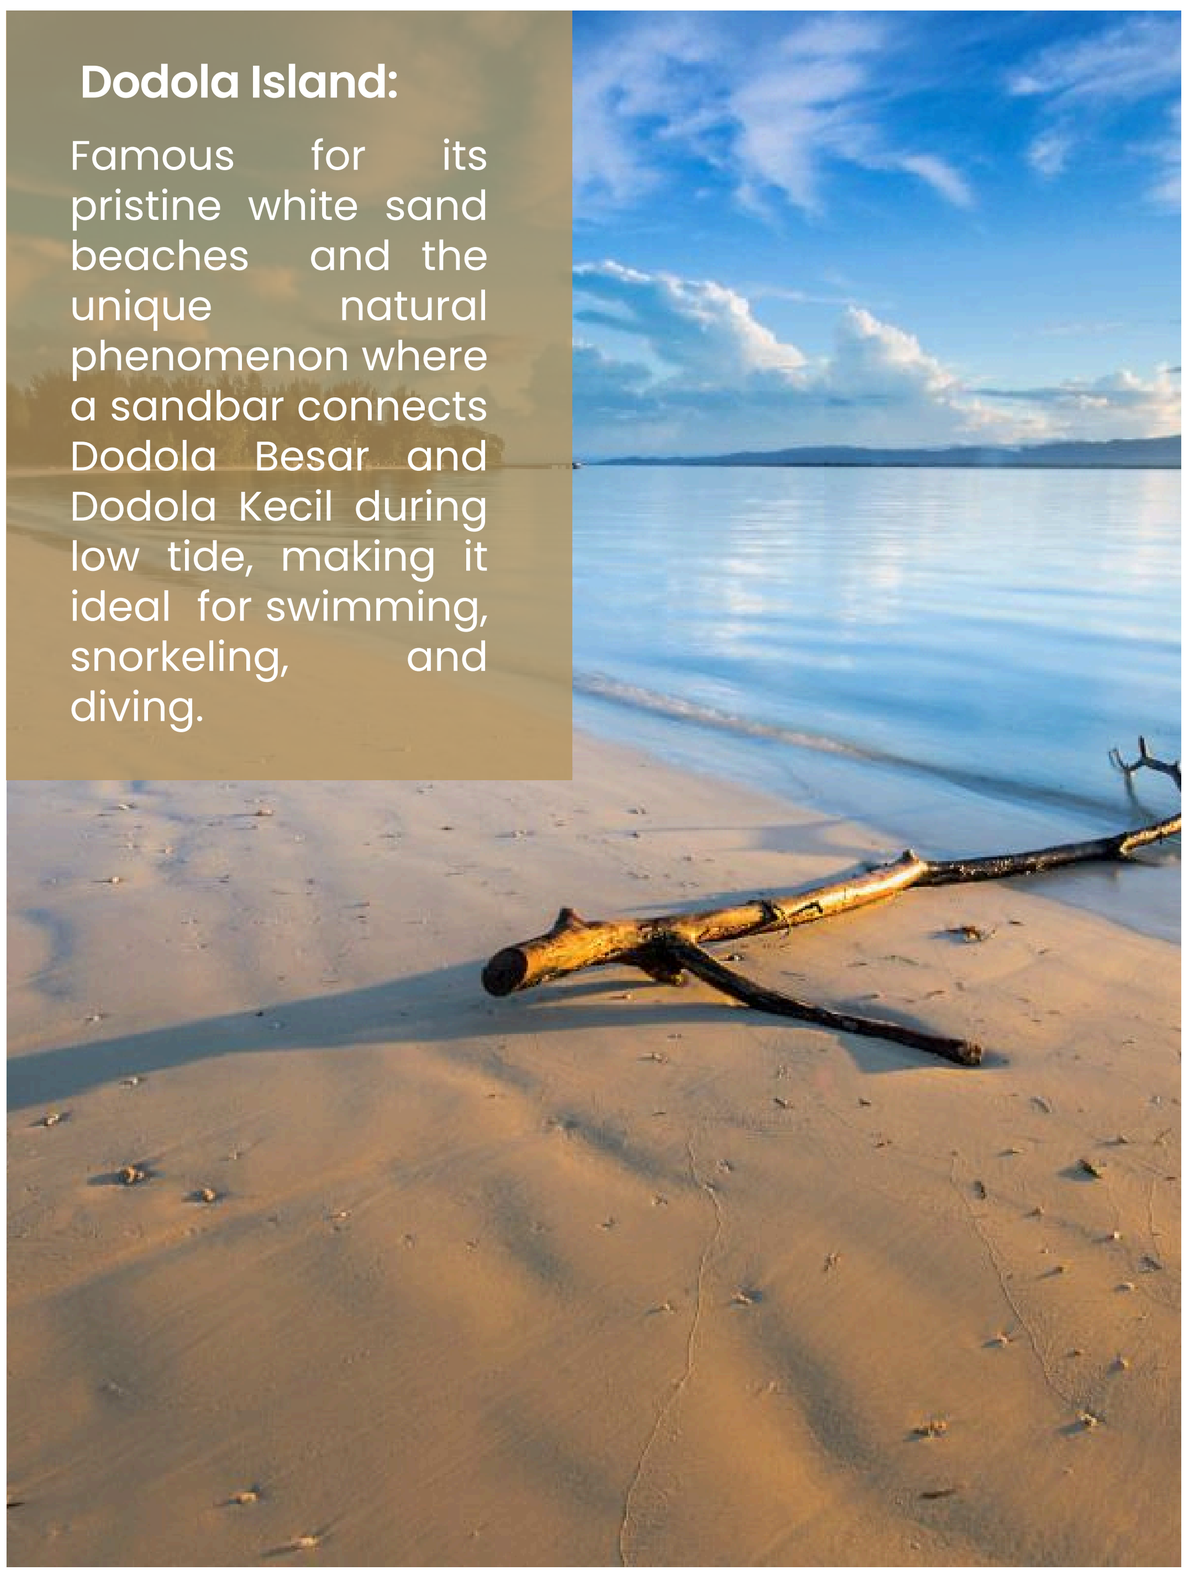


Wawama Wreck Dive Site:

Located in South Morotai, this site features World War II relics such as Jeep Willys combat vehicles and a Bristol Beaufort bomber aircraft. The jeep wrecks lie at approximately 25 meters depth, while the bomber rests around 40 meters deep, providing an immersive experience for divers.

Dodola Island:

Famous for its pristine white sand beaches and the unique natural phenomenon where a sandbar connects Dodola Besar and Dodola Kecil during low tide, making it ideal for swimming, snorkeling, and diving.



Tabailenge Island:

Known for its untouched natural beauty and rich marine biodiversity, it's a great spot for diving and exploring coral reefs.
